ACKNOWLEDGEMENT OF COUNTRY

Mid-Western Regional Council acknowledges the Wiradjuri people, the traditional custodians of the Wiradjuri Nation, we acknowledge people from other nations and language groups who have now made the Mid-Western Region their home, along with the descendants of the Wiradjuri Nation.

Welcome

More than 25,000 people call the Mid-Western region home.

One of the fastest growing centres in NSW, the region is the gateway to the Central and Far West areas of the state.

Just over three hours drive from Sydney and Newcastle, it is easily accessible and centrally located to other regional cities.

Gulgong, Kandos, Mudgee and Rylstone townships are alive with visitors and families. The region has open spaces, parks and sporting facilities for activities and a large number of events held each year. Local markets celebrate culture by way of local produce and artisan creativity.

A key feature of the region's economy is its diversity. Business and investment is driven by five major industry sectors – agriculture, mining, construction, tourism and real estate.

Each of these industries continues to provide job opportunities. The quality and diversity of the local labour force provides the region with a competitive edge.

Whilst the current labour force provides access to a wide range of skills and education levels, the future growth expected in the region will continue to increase the demand for new skills and qualifications.

Skilled workers such as engineers, builders, tradespeople, childcare and health professionals are likely to be in highest demand in the next three to five years.

Visitors to the region experience a real country community with heart, soul and spirit. Locals love the place they call home and are happy to share the surroundings with 691,000 visitors each year.

Message from the Mayor

I am proud to present the Mid-Western Regional Council's Operational Plan for 2024/25. This Budget reflects a capital expenditure of \$73.864 million, dedicated to a wide array of projects ranging from the development of new infrastructure to the enhancement of existing facilities.

This document outlines Council's Budget for the 2024/25 financial year, including allocations for various activities and projects, as well as detailing how we fund this expenditure. Notably, this year marks the culmination of our three-year Delivery Program spanning from 2022/23 to 2024/25. This period was shortened from the customary four years due to disruptions stemming from the COVID-19 pandemic.

We recognise the growth of our community and the need to provide suitable facilities that can be used year round. I am pleased to say that Council has secured grant funding to support the following projects.

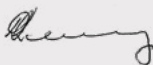

- \$8.7m towards the Council solar array (\$4.5m grant funded)
- \$382,000 Rylstone Showground Arena lighting (\$287,000 grant)
- \$976,500 Mudgee bike pump track (\$626,500 grant funded)
- \$420,000 Rylstone dam wall and foundation erosion protection (\$420,000 grant funded)

I am excited to announce the commencement of construction for the Mudgee Team Training Village at the Glen Willow Sports Complex. This facility marks a significant milestone in our efforts

to expand sporting opportunities by attracting sports teams, schools, and corporate groups for team-building and sports recovery activities. With a capacity to accommodate 96 visitors and boasting premium amenities, the Mudgee Team Training Village will be a valuable asset, generating a sustainable income stream while complementing the existing offerings at Glen Willow.

Council is constructing a new solar array to meet environmental and energy demands. The new solar array situated at the Mudgee Sewer Treatment Plant will help reduce Council's operating costs. Council is considering options around offering local businesses access to excess energy at a low rate. Offering competitively priced energy solutions to local businesses will enhance the region's attractiveness, fostering an environment conducive to supporting current enterprises and attracting investment from new businesses and industries.

We are dedicated to delivering these projects and many more over the next 12 months, as outlined in this plan. Your feedback on the Plan is encouraged and valued.

DES
KENNEDY
MAYOR

Message from the General Manager

This year's Operational Plan is designed to address the diverse needs of our community through the implementation of a wide range of innovative projects and initiatives.

In the development of the Operational Plan Council actively engaged with the community seeking submissions through Community Plan Proposals. Thank you to those residents who contributed their time submitting their proposals. All submissions have been reviewed and considered; Council will be delivering on several submissions, listed below are just a few examples of these projects.

- \$205,000 for the establishment of a youth centre in Gulgong.
- \$50,000 for upgrades to the clubhouse at the Gulgong Pool.
- \$20,000 for the construction of a fence at Coomber Park in Kandos.
- \$20,000 for the construction of a bus shelter at Fisher Street Gulgong.
- \$5,000 for the renewal/repair of the fence on the Cudgegong Road boundary of Rylstone Common.

Council is committed to meeting the community's expectations regarding the maintenance and progression of roadways. In line with this commitment, \$13.8 million has been allocated in this budget for the improvement of roads, bridges and footpaths.

As we manage the ongoing expansion of our towns and villages, our commitment to enhancing community services remains

steadfast. Recognising the importance of accessible tertiary education, Council has just delivered the Country Universities Centre providing the community with an alternative to travelling long distances or relocating to pursue higher education.

The Centre is thoughtfully equipped to cater to diverse academic needs, boasting a computer terminal room, a shared tutorial space, and designated areas for breaks and social interaction both, indoors and outdoors. Additionally, a dedicated Centre Manager is on hand to provide academic support to students.

The Country Universities Centre officially opened its doors on 27 March, marking a significant milestone in our community's educational landscape. The Centre has secured funding for operations over the next 5 years.

Upon adoption of this Operational Plan, we commit to delivering quarterly progress reports, along with an annual report detailing our achievements for the 2024/25 year.

BRAD CAM
GENERAL
MANAGER

Your Council

Mid-Western Regional Council is represented by nine Councillors. A Mayor is elected every two years by the Councillors.

Councillors are usually elected to a four year term, however this current term has been shortened to less than three years (due to the postponement of the 2020 election to 2021 because of the COVID-19 pandemic). The elections that occurred in December 2021 saw 52 candidates nominated to serve the Mid-Western Region, with Councillors Des Kennedy, Paul Cavalier, Katie Dicker, Alex Karavas, Sam Paine, Robbie Palmer, Phil Stoddart, Peter Shelley, and Percy Thompson elected.

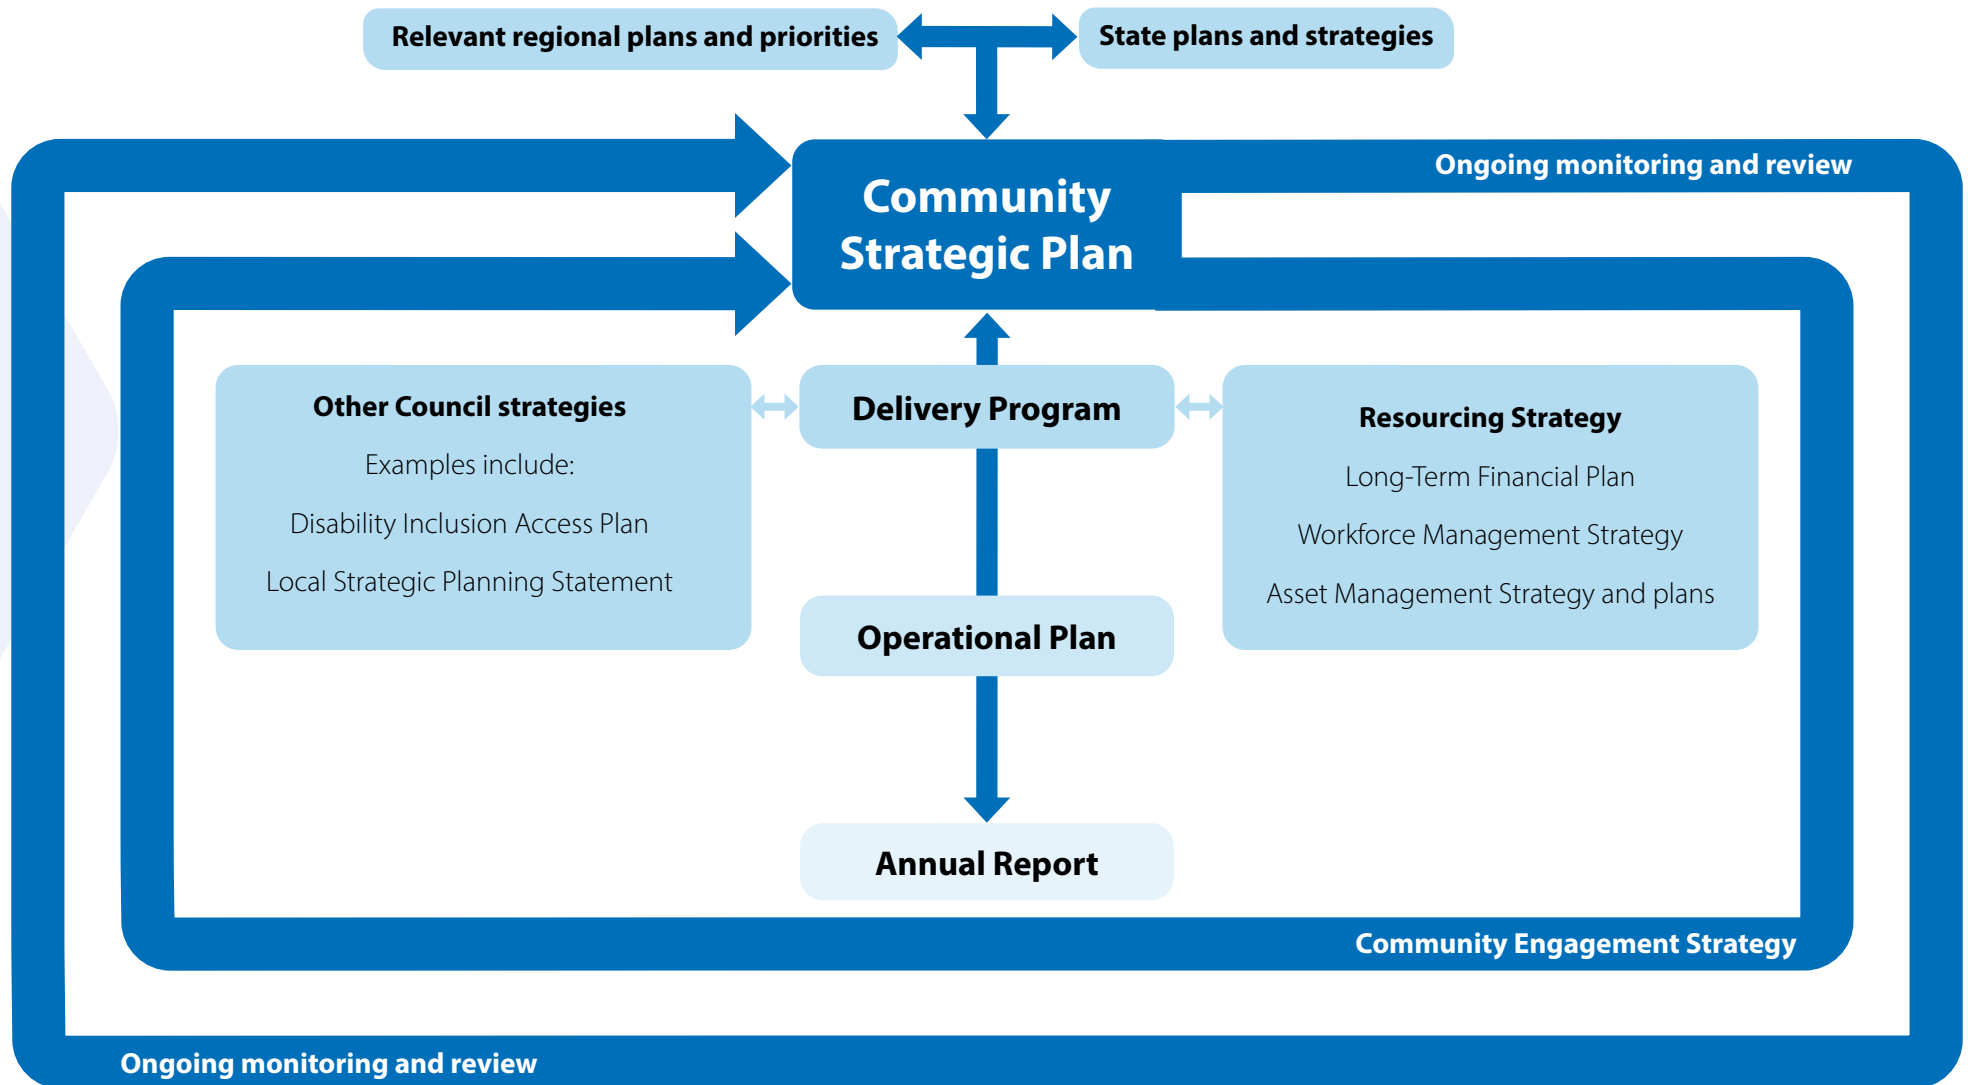

The Councillors elected Cr Kennedy as Mayor, and Cr Paine as Deputy Mayor for the period commencing January 2022. A mid-term mayoral election took place in September 2023.

The next general election of Councillors will be held in September 2024.

Our Plan to Deliver Towards 2040

The Community Strategic Plan is supported by a four year Delivery Program; a Resourcing Strategy identifying the assets, people and funds required; an annual Operational Plan; and an end of term report on achievements. This suite of documents collectively forms Council's Integrated Planning and Reporting (IP&R) Framework.

Integrated Planning and Reporting

The Mid-Western Region Community Plan is Council's highest level strategic plan and sets out the community's vision for the future - where we are, where we want to be and how we will get there. The Plan represents an opportunity to create and foster community based goals, values and aspirations - to drive a sustainable community that reconciles the economic, social, environmental and civic leadership priorities for the region.

TWO PLANS IN ONE

Delivery Program

The Delivery Program details all of the principal activities Council will undertake to achieve the goals established in the Community Plan. It has a fixed four year term aligned with the local government election cycle and is reviewed by the incoming Council within 9 months of an election.

Operational Plan

The Operational Plan has been integrated into the Delivery Program and sets out the projects and activities to which Council is committed to over the coming financial year, with measures, time-frames, and responsibilities identified.

Financial statements by Nature

This table provides a summary of Council's budgeted income and expenditure for 2024/25 to 2027/28.

More detailed information on income and expenditure is provided in the following pages.

FINANCIAL ASSUMPTIONS

The 2024/25 budget projects total operating expenditure of \$104.8 million, and a capital works program of \$73.864 million. It shows a consistently sound financial position, and is structured around a financially sustainable long term position, whilst also increasing investment in renewal of existing infrastructure.

Council will be maintaining existing service levels whilst completing large multi-year grant funded capital projects and revising strategies in recreation and active travel networks to plan for the future.

The budget provides for a 4.5% increase in ordinary rates yield for the 2024/25 year, in line with the rate cap determined by the NSW Independent Pricing and Regulatory Tribunal (IPART).

Revenue

INCOME

Council receives money in the form of rates on residential, business, mining and farmland properties; interest on investment; government grants and subsidies; contributions from major industry; annual charges for services like water, sewer and waste; and user charges and fees.

Council's primary source of income is from Rates and Annual Charges of \$50 million or 45% of total income.

Council generates a significant portion of revenue from fees and charges associated with the provision of services and facilities such as swimming pools; contract works; planning and building regulation; water consumption; and waste management. This amounts to \$24.6 million or 22% of total revenue.

Grants and contributions from Government and Industry continue to be an important funding source for provision of services to, and maintenance and construction of infrastructure for the community. Council estimates to receive a total of \$27.1 million or 24% in grants and contributions for 2024/25.

Total Income 2024/25 = \$125,806 ('000s)

Statement of Revenue Policy

RATES

The total income that can be raised from levying rates on property is capped by IPART, which has determined that NSW Council's may increase general income from rates by a maximum of 4.5% in 2024/25. The proposed rate model applies the full IPART capped increase of 4.5% evenly across all rating categories.

Rate assessments are based upon property valuations (ad valorem), with minimum amounts applied where appropriate. No base amounts apply to the proposed rate structure. Annual rate liability shall be calculated based on the latest valuations received from the NSW Valuer General. Upon registration of a new strata plan or deposited plan Council will re-rate the property(s) from the commencement of the following quarter of the rating year.

For rating purposes, land in the Mid-Western Region is categorised as Farmland, Residential, Business or Mining with further subcategories existing for Residential and Business.

In February 2023 Council received from the NSW Valuer General updated land valuations with a base date of 1/7/2022 for all properties within our Local Government Area. The ad valorem amounts and the estimated yields cited in the table are compiled from these updated land values. After this time, Council may be issued with additional valuations as a result of objections or recent subdivision activity which could change the estimated yield from Ordinary rates.

Category	Sub Category	Minimum Amount	Ad Valorem (c in \$)	Estimated Yield
Farmland		\$775.69	0.257772	\$5,432,686

Expenditure

EXPENDITURE

Council continues to invest as much money as possible into the renewal of existing infrastructure to ensure it is in a satisfactory and serviceable condition.

Council also continues to invest in new infrastructure to meet the demands of a growing community.

Council's major operating cash outflows include \$38 million (37%) employee benefits and oncosts for approximately 397 full time equivalent employees; materials and contractors \$37 million (36%); and other expenses such as NSW RFS Levy \$991,000.

ASSET MANAGEMENT

Council owns and maintains over half a billion dollars worth of infrastructure including roads, parks, buildings, swimming pools, sports grounds, stormwater drainage, water and sewer networks, footpaths, buildings, and waste management facilities. These assets, which are used by the community every day, deteriorate over time, and require ongoing maintenance and renewal or replacement to keep them in a satisfactory condition.

Performance Measures

OPERATING PERFORMANCE RATIO

This ratio measures operating expenditure against operating revenue. It is important to distinguish that this ratio is focusing on operating performance and hence capital grants and contributions, fair value adjustments and reversal of revaluation decrements are excluded.

The benchmark is greater than 0%.

OWN SOURCE OPERATING REVENUE RATIO

This ratio measures fiscal flexibility. It is the degree of reliance on external funding sources such as operating grants and contributions. Council's financial flexibility is improved by a higher level of own source revenue.

The benchmark is equal to or greater than 60%.

BUILDINGS AND INFRASTRUCTURE ASSET RENEWAL RATIO

This ratio assesses the rate at which assets are being renewed against the rate at which they are depreciating.

The benchmark is 100%.

Key Themes in Community Strategic Plan

The Community Plan sets out the community vision for the future - where we are, where we want to be, how we will get there and how we know that we are there.

The Plan represents an opportunity for Council and the community to strategically create and foster sustainable communities that reflect local values and aspirations. It allows the community to define and reconcile the economic, social, cultural and environmental priorities for the region.

- 1.1 A safe and healthy community
- 1.2 Vibrant towns and villages
- 1.3 Effective and efficient delivery of infrastructure
- 1.4 Meet the diverse needs of the community and create a sense of belonging

- 3.1 A prosperous and diversified economy
- 3.2 An attractive business and economic environment
- 3.3 A range of rewarding and fulfilling career opportunities to attract and retain residents

- 2.1 Protect and enhance our natural environment
- 2.2 Provide total water cycle management
- 2.3 Live in a clean and environmentally sustainable way

- 4.1 High quality road network that is safe and efficient
- 4.2 Efficient connection of the region to major towns and cities
- 4.3 An active travel network within the region

- 5.1 Strong civic leadership
- 5.2 Good communications and engagement
- 5.3 An effective and efficient organisation

Glossary

For each Function (Service), we have included a projected budget setting out the type of income and expenditure and funding expected for the next four years. A simple explanation of each line item contained in the budget summary for each theme is provided here.

Borrowing Costs represents the interest paid by Council on borrowings.

Capital Expenditure reflects the cost of purchasing or constructing new assets and renewing existing infrastructure. Those assets (excluding land) and are then depreciated over the course of their estimated useful life.

Contribution from General Purpose Funds is the total contribution required out of general purpose funds (such as financial assistance grants, ordinary rates, interest on investments) to support the activities undertaken in each theme. For the purposes of the Budgets by Service, this term can also be expanded to include contributions from “unrestricted” Water, Sewer and Waste Funds that would be externally restricted at a consolidated level.

Depreciation & Amortisation reflects the consumption of Council’s infrastructure, property, plant & equipment (net of residual values) over the estimated useful life of the asset. Depreciation is calculated using the straight line method.

Employee Benefits & Oncosts incorporates the cost of staff including salaries and wages, superannuation, workers compensation, and training.

Gain or Loss on Disposal of Assets represents the surplus or shortfall of proceeds received from the disposal of assets over their written down value. This typically relates to the sale of land developed by Council or surplus to our needs, and the sale of plant at the end of its useful life.

Grants & Contributions – Capital encompasses the majority of developer contributions including Voluntary Planning Agreements; capital grants provided for specific purposes such as roadwork, water infrastructure, and sporting facilities.

Grants & Contributions – Operating includes both general purpose grants and contributions such as the Financial Assistance Grant and specific purpose grants for services such as bushfire and emergency, environmental Programs, aged & disabled services, noxious weeds management, and roads maintenance.

Interest & Investment Revenue encompasses interest charged by Council on overdue rates and charges, and interest earned on Council’s investment portfolio. The majority of interest revenue will appear in Good Government as it forms part of General Purpose Revenue (treasury operations).

Internal Charges are transactions between the different funds and activities of Council, such as contributions from Water and Sewer Fund to General Fund for corporate support, internal plant hire charges, and employee oncosts.

Loan Repayments represents the principal component of loan repayments made by Council to service borrowings.

Materials & Contracts includes expenditure on materials, contractor and consultancy costs, payments for audit services, legal expenses, and operating lease payments.

Glossary (cont'd)

New Loan Borrowings represents new loan funding drawn down by Council.

Non Cash Entries is an adjustment made to the income statement to show the impact of noncash entries such as depreciation.

Other Expenses include payments to other levels of government for the Rural Fire Service and town fire brigades, councillor fees, donations and contributions made to local and regional bodies, election expenses, electricity, insurance premiums, street lighting, and telephone & communications expenditure.

Other Revenues includes fines, insurance claim recoveries, sales income, and rental income from Council properties.

Rates & Annual Charges includes the income generated by Council from the levying of ordinary rates (Farmland, Business, Residential, Mining), and annual charges for the provision of water, sewer and waste management services.

Transfers from Reserves, Developer Contributions & Unexpended Grants represents a transfer from Council's restricted funds (internal and external restrictions), and is usually associated with a specific project for which funds have been set aside.

Transfers to Reserves, Developer Contributions & Unexpended Grants represents transfers made to Council's restricted accounts (internal and external restrictions). For example, all developer contributions received by Council are externally restricted and can only be spent in accordance with the relevant Contributions Plan.

User Charges & Fees includes user charges for water and sewer, statutory fees for planning and building regulation, and other fees and charges for a variety of Council services including aged care, Transport for NSW contracts, waste depot fees, cemeteries and swimming pools.
